

Mayor Frank Scotto

State of the City Update

Mayor Frank Scotto will give an **Update on the State of the City** to the **Old Torrance Neighborhood Association (OTNA)**.

In May 2009, the Mayor Scotto presented his 2009 State of the City Address. He noted that while the state and the nation have been experiencing an uncertain economic climate, Torrance is in a good position and continues to withstand the challenges presented to us. That was eight months ago. *Where does Torrance stand, today?* Attend the OTNA meeting, and find out.
